According to a study completed by the Federal Bureau of Investigation, an average of 11.4 active shooter incidents occurred annually with an increasing trend from 2000 to 2013. These situations are oftentimes unpredictable and evolve quickly, so it is critical that your school is adequately prepared.

The following resources, developed by the Department of Homeland Security, will provide you guidance on ways to better prepare your school to deal with active shooter situations and help raise awareness on pre-incident indicators.

**Active Shooter: What You Can Do**
